Travel the world from the comfort of home

Imagine - bringing your home around the world with you.

Waking up, pouring your coffee and answering emails on your balcony while gazing at another incredible new view of the sparkling coast. A nutritious breakfast arrives at your door, as you plan a couple of days ashore exploring the French Riviera with a small group of your fellow residents, who you now consider your close friends.

Or, maybe you just laze around home today, ordering room service and reading a book, followed by a long lunch with friends, a swim in the sunshine, and a massage or time at the gym before enjoying a glass of wine on your balcony as the sun slowly sinks behind the horizon.

However you choose to spend your day, you have a safe and engaging way to enjoy the entire planet, at your leisure, with a like-minded residential community, all from the comfort of your luxurious home at sea.

Picture now your life of passion, discovery, and adventure, while sleeping comfortably every night in your very own bed. You come and go as you please, and of course your friends and family can stay with you or enjoy your residence and the Storylines lifestyle while you are away.

Enjoy a life of luxury and everything you could want to experience, while the world slowly floats by your front door.

“When you want something, all of the universe conspires in helping you to achieve it.”

- Paulo Coelho

Time to Explore, Engage & Experience

A leisurely three to five days in the most engaging ports means you can relax and completely immerse yourself in the location. No more rushing to disembark or worrying you will miss anything.

The ship is your base as you leisurely explore the most beautiful and exotic locations in the world. Yours is a life of inspiration and lifelong learning.

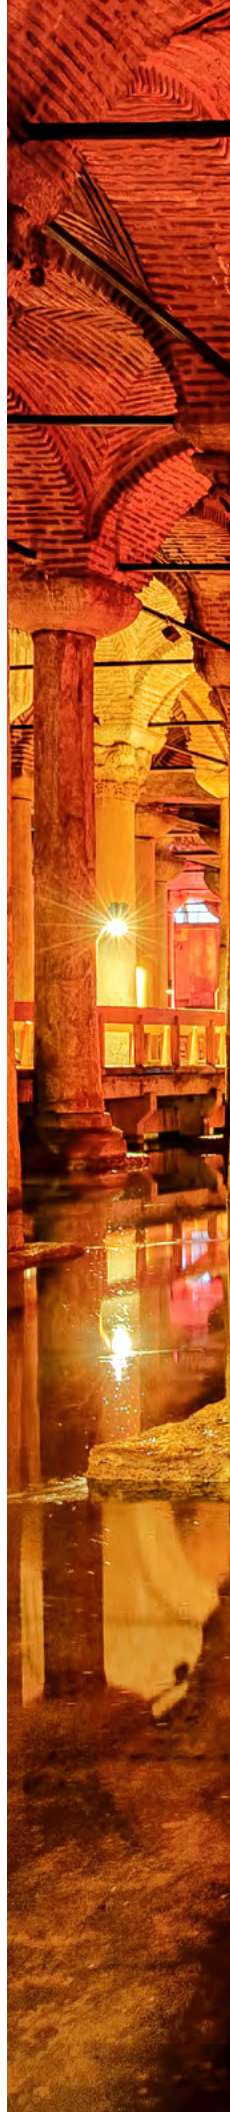

Take your time aboard, go ashore when you choose, or even pack an overnight bag and start exploring; whether that be winery tours in Tuscany, market trips in Morocco, or culinary classes in the south of France.

“The real voyage of discovery consists not in seeking new landscapes, but in having new eyes.”

- Marcel Proust

Experience all the world has to offer with 1000 like-minded residents aboard Storylines' custom-built residential development at sea. Endless days of cultural immersion, endless nights enjoying the familiar comforts of home.

We provide a healthy, happy, holistic experience for our residents by offering exciting experiences combined with luxurious comfort and security for your peace of mind. We take care of all the details so you can focus on enjoying the ultimate Global Lifestyle.

Continuous Global Itinerary

Defining Principles

1 DISCOVERY

**We don't cruise.
We discover.**

We plan our destinations as we leisurely travel the world, stopping for one to seven days in our chosen ports. We set our own pace, immersing ourselves in local cultures or allowing the simple beauty of the surroundings to inspire a relaxing respite in a new locale.

2 LIFESTYLE

**We are not a vacation.
We are a lifestyle.**

Our ship is our home. It's full of getaways and experiences we curate to suit our tastes and desires. We relax by the pool, help out on the ship, and attend to our individual businesses. We live in the style of our own making.

3 EXPERIENCES

**We don't have itineraries.
We have experiences.**

Ours is the most interactive cruising experience in the world. Each leg of our ongoing journey is designed with community input. With days in each port (not hours), our residents can have immersive cultural experiences.

4 PARTICIPATION

**We don't observe.
We participate.**

We do as much, or as little, as we please. We might tend to our gardens, help plan our journey, or present a special interest talk. We can participate in social clubs, interact with the local communities we visit and prepare special meals for our friends.

What Defines Us

storylines^o

How We Live

Defining Principles

5 CONTRIBUTION

**We don't consume.
We contribute.**

It's about giving more and taking less. On and off the ship, philanthropy and sustainability are central to all we do. From LNG fuel to growing our own food to giving back to the communities we visit; we travel with intention to reduce our footprint and have a positive impact along the way.

6 MINDSET

**We aren't a demographic.
We're a mindset.**

Our storyline is one of positive people doing positive things in the world. With a flexible and conscientious mindset, and an enthusiastic approach to living, we are driven to do some good while we learn and grow as human beings—and we have a lot of fun doing it.

7 COMMUNITY

**We aren't guests on the ship.
We live here.**

We are active members of a unique community with a say in most of what happens onboard our vessel and in choosing where our journey takes us.

8 GLOBAL CITIZENSHIP

**We aren't tourists.
We are citizens of the world.**

A place we can call our own - Planet Earth. We are no longer tied to just one place. The ship is our home, where we live the life we always told ourselves we would, could, and should have.

MV NARRATIVE

By Storylines[©]

“One’s destination is never a place, but rather a new way of looking at things.”

- Henry Miller

Beautifully designed resident lounges

Open air fitness deck includes yoga classes, racquet sports, and running track.

24-hour room service

Upkeep of vessel to 5-star standards

A stunning new view from your balcony every week!

Your Wellbeing is Our Priority

Nothing is more important than your health. Storylines not only understands this, we emphasize it. With a focus on your wellbeing and peace of mind, Storylines places a high priority on wellness including nutrition, fitness programs and functional medicine. We ensure you have access to the latest technologies and facilities available for your health and safety so you can thrive.

With this in mind, our residents have access to:

A medical clinic on board including a doctor, nurse, pharmacist, nutritionist and physiotherapist

A range of medical services such as wellness visits, weight loss, anti-aging, immune therapies, detoxification treatments, dietary planning and much more

A bespoke travel insurance plan is available for all Storylines residents and rental program participants

Wellness kiosks and wearables to track and monitor your health on demand, helping you live healthier and more vibrantly

World Class Amenities

A World of Luxury

The world's leading maritime design teams have crafted your global residence with your luxury and comfort in mind.

Every resident deck features uniquely lavish resident lounges with kitchens. You will find green spaces aboard, art throughout and luxe entertainment areas suitable for a lifetime of luxury, not just a vacation.

MV Narrative is not just a breathtaking residential development and a vibrant engaging community, but one that slowly travels the world.

“Live with no excuses and travel with no regrets.”

- Oscar Wilde

This is Fine Dining

Gone are the buffet lines and mediocre food. The epitome of culinary style and substance come together from around the globe in a carefully curated assortment of intimate dining experiences.

Belgian waffles, freshly shucked oysters, vegetables grown onboard and truffle tagliatelle are just some of the taste experiences to be discovered.

With 20 dining and bar concepts and 24 hour room service included, Storylines residents enjoy:

A variety of dining experiences from a casual meal at a neighborhood bistro to fine dining and haute cuisine

Indulgent selections for your palate, including for those with special dietary requirements such as kosher, plant-based, or gluten free

Dining amidst the elegance of the interior decks or romantically by evening starlight above

Order in from the 24/7 room service menu while in the comfort of your own Global Residence

“One cannot think well, love well, sleep well, if one has not dined well.”

Virginia Woolf

The Foods of the World at Your Doorstep

Unlimited hot and cold beverages accompany your every meal, so why not treat yourself to oysters and champagne over the water for lunch, a light and leisurely Japanese dinner, then finish with some gelato with the family?

OR - If you'd like to show off your culinary expertise:

- Pick up some ingredients from our onboard market
- Prepare a feast with friends and family in one of our resident kitchens
- Let US handle the clean up!

The choice is yours, always.

storylines^o

Upgrade your lifestyle.

All the comforts of home and a whole world more.

Amenities

Largest Wellness Center at Sea

In addition to the gym and spa, *MV Narrative* also has a wellness center with on-demand fitness classes, infrared saunas, healthy living pods, meditation and much more.

World Class Library

Enjoy lazy days lost in a world of literature. Whether driven by a thirst for knowledge or the latest fictional masterpiece, our comprehensive library will take you on countless journeys of discovery.

The selection is continually evolving as residents contribute their findings from around the world.

A Living Ship of Gardens

Solar powered hydroponic gardens and living walls of green make your new home aboard a lush paradise.

Ocean to table fresh grown vegetables supply our restaurants and help keep you healthy.

You can even help with gardening if you choose.

Oceanfront Marina

Direct ocean access for swimming, sailing, jet skiing and kayaking right off the deck. When you return from the day's adventures, you'll find a mudroom and changing rooms, so get comfortable and enjoy the yacht club style Marina Landing. This waterside cafe, and cocktail bar is the perfect place to unwind and experience your luxury global lifestyle.

Common Spaces

Mindfully designed for comfort, privacy and interaction with a variety of both communal spaces that create ample and private areas that create ample environments for socializing or finding a quiet sanctuary.

MicroBrewery

Who says you can't fit a brewery on a ship?

Sample the freshest craft beer while having a lazy Sunday afternoon.

World Class Library

Discover the greatest authors, ideas and stories in this handsomely appointed, comprehensive library where you can kick your feet up with a good book, or find a quiet space for some study time

Culinary Lounges

Unique lounges on every resident deck feature mindfully designed indoor/outdoor spaces - perfect for friendly interactions, preparing a meal, or finding a comfortable spot to relax

Resident Lounges

A variety of unique resident lounges create ample inspiring environments for socializing, working or relaxing.

Your Choice of Activities

SPORTS

Jet skiing, scuba diving, snorkeling, fishing, sailing, kayaking, paddle boarding...all our motorized and non-motorized water sports equipment is available from the marina platforms on Deck 4. Quality water toys and sports equipment are all included when you sign up for the Storylines lifestyle. You will also find a golf simulator, running track, racquet sports and a lap pool onboard.

SPA, FITNESS & WELLNESS CENTERS

Your Spa and Wellness Center provides personal trainers to help you get fit and remain flexible. Classes such as yoga are offered daily. Nutrition plans and other lifestyle programs are available from registered dietitians and life coaches aboard. Your salon and spa has one of the largest menus of services afloat. With the latest in facial and body treatments, massages and aesthetic treatments, residents are able to enjoy a blissful sanctuary.

BUSINESS CENTER

- Shared workspaces
- Conference room
- Purpose-built quiet & study areas
- High speed internet & office support
- Private offices available for lease

CLUBS, CLASSES & WORKSHOPS

Share your talents, your hobbies and your passions. Teach if you wish, learn what you want; the choice is yours, always!

“I work full time and I’ll be working onboard. We couldn’t be happier and more excited.”

- Lynn & Ben F.

Oceanfront Marina

Direct ocean access for swimming, sailing,
water sports, jet skiing and kayaking

Marina Lounge

Enjoy sunrise views at the yacht club style marina. After a day out on the water, you can make use of the mud room and changing facilities to get comfortable before relaxing with a cocktail and a snack in the lounge. Take in the sunset and toast your new lifestyle by the sea.

Your Itinerary: the World!

THE WORLD'S BEST DESTINATIONS

Every incredible place you have heard about. Every memorable movie scene. All of the most beautiful photographs you have seen. You will experience these places and more. Share it all with whomever you choose. Live with all of life's dreams - on your doorstep.

YOU CHOOSE THE ITINERARY

Decide spontaneously to go ashore with friends, hire a convertible and drive the Tuscany region for a few days or a few weeks. Explore the area and catch the ship a few ports later, returning home with souvenirs and memories for a lifetime.

THINK GLOBAL, LIVE LOCAL

Averaging three days in exotic ports of call allows you to truly experience the area and immerse yourself in the surroundings and the local cultures.

RELAXED, NOT RUSHED

When you arrive in each fabulous port, there is no rush to disembark, you have time to relax and explore at your own pace. Sleep-in some days if you choose. Or stay aboard in your home at sea. Go ashore and play golf, or go out at night and dance salsa. You even have time to find your favorite coffee shop.

CURATED EXPERIENCES

Help to create new excursions and find new destinations, or join shoreside experiences curated by fellow residents.

CONTINUOUS CIRCUMNAVIGATION

A continuous global circumnavigation means our home is the entire world. With weeks or months in geographical regions, you can leave the ship whenever you like and rejoin days or weeks later.

This is your global lifestyle.

“Every day is a journey, and the journey itself is home.”

- Matsuo Basho

The ship does a full circumnavigation around the globe every three years. Here is a sample itinerary:

VENICE

5 days in port

They say that entering Venice by water is one of the most magical sights you can see on the planet. Most likely you'll be talking around the dinner table for weeks about this one. No need to rush off the ship when we arrive, you'll have days here to explore...

If you're still not done when it's time to leave, let the crew know you'll be staying behind. You can always catch up with the ship at its next port of call. This is your global lifestyle, why rush?

SANTORINI

3 days in port

The highlight of the Greek islands is stunning Santorini!

Visit Kamari beach, Amoudi bay, the ruins of the ancient cities of Thira & Akrotiri or work your tan on sun drenched beaches with backdrops of the warmest clear blue waters. Dine on fresh local fish, or dive and spot them yourself. You may never want to leave this island paradise.

RESIDENTS CHOICE

1 day in port

Welcome to your world of choice!

As a resident aboard you'll enjoy the excitement of helping to select the next destination using the Storylines Residents App. In this case, choose the option to either stay in the current group of islands, or head to another beautiful destination along the northern coastline of Sicily.

Travel The World With Us

The circumnavigation covers more than one hundred countries.

ISTANBUL

3 days in port

Historically, Istanbul is one of the most important places in the world.

Its Old City reflects cultural influences of the many empires that once ruled here. The Grand Bazaar, the Roman-era Hippodrome, Egyptian obelisks, and the Byzantine Hagia Sophia with its soaring 6th-century dome and rare Christian mosaics. Close your eyes and imagine yourself in the mysticism of the East melded with the modernity of the West, the constant time travel between past and the future, the balance of the traditional and the contemporary.

KOTOR

2 days in port

Cruising 20 miles inland we find this peaceful city surrounded by incredible mountains and scenery like no other. Take a hike up to the fortifications for the best views around, or get lost exploring the back streets of this port city. For those wanting more, hire a car and take a drive to the great lake of Skadar and the fertile lands to the south, where the lake and adjoining river run out to the sea. You can always meet up with the ship at our next stop in Albania.

Your Global Life

The World Is Your Playground

With plenty of time in each port, you won't just cruise the world, you will be a true global citizen. This is your chance to wake up each day to fresh sea air and the most beautiful views on the planet.

Exotic destinations become your afternoon strolls

Famous places around the globe are your playground

A lifetime exploring exotic destinations from home

Experience all the world has to offer with 1000 fellow residents you'll soon call friends. As a Storylines resident enjoy:

- o 1000 days to circumnavigate the Earth
- o 3-5 day average in the best ports
- o Always have input into what happens next
- o Freedom to move on and off as you please
- o Shore excursions at every port
- o Vote to stay longer in your favorite destinations
- o Plan your destinations interactively as you travel
- o Adventures and inspiration find home in everyday life

“The world is a book, and those who do not travel read only one page.”

- Saint Augustine

World-Leading in Sustainability

As many regions are becoming aware of the environmental impact of residential developments and older oil burning cruise ships, Storylines' innovative green technologies ensure we exceed new regulations that are being planned and implemented worldwide.

Our focus on sustainability works to future-proof our lifestyle as the new purpose-built vessel will be among the most environmentally sustainable passenger ships on the planet.

Live on one of the greenest ships at sea.

Industry Leading Cleaner LNG Fuel

Our ship has been sustainably designed with Liquid Natural Gas propulsion. LNG is the most environmentally friendly, readily available fuel for shipping. It is far cleaner than the heavy bunker oil utilized by traditional cruise ships because it emits no sulphur oxides, no particulate matter and far less nitrogen oxide.

Our Sustainability Initiatives

Engaged with a sustainability ambassador who has a Masters of Sustainability from Harvard University to oversee our sustainability planning

Ocean conservation goals include pledging 1% toward safeguarding our seas. We also protect sensitive reef ecosystems by organizing reef restoration projects, only selling reef-safe sunscreen and using only biodegradable cleaning products

Sailing at the optimal cruise rate for fuel consumption - our lower knot rate ensures that our fuel consumption in a year equates to that of a month on a regular cruise ship

Utilizing all new green shipping technology such as converting waste into energy

Sourcing local provisions in every destination we visit, reducing the distance our food travels

Progressive energy storage technologies to ensure what energy we have is utilized only when required

Growing produce on board in our own hydroponic gardens

Zero-waste market is the first of its kind at sea. Bulk good and refill stations are available and everything is compostable or recyclable

Worldschooling Youth Education

Storylines Global Education is the world's first K-12 youth learning program in which students continuously travel around the world learning firsthand from real-world life experiences. Their families live on Storylines residential ship *MV Narrative* and explore exotic destinations as lifelong learners.

The program is a blended learning environment that incorporates hands-on learning, online academics and adventurous field trips to the most extraordinary places on the planet. They say, 'it takes a village to raise a child' and the onboard village is a diverse community of adventurers eager to share their wealth of knowledge by providing enrichment and mentorship opportunities for the youth onboard. Do you have a student that's interested in robotics or aviation? Chances are that there is someone on

board with experience who would be more than happy to teach a class in a small group setting for those who are interested.

Storylines offers a personalized learning model with each student learning at their own pace and skill level. Each family can choose from the various elements of the program to design a learning path that is individualized for their goals. For example, families who may want a more traditional, structured and academically rigorous path might choose a full course load with our accredited online learning partner while families who are more interested in experiential global learning might focus more on our field trips, workshops and tutoring. Regardless, all our students come together twice a week in small age-group based learning pods for project-based learning about the regions we are traveling in.

The Storylines Youth Education Model

- Teachers
- Field Trips
- Physical Education
- Online Academics
- Tutoring
- Resource Center | Academic Advisor
- Clubs & Classes
- Mentorships
- Volunteering
- Camps | Outdoor Education | Nature Immersion
- College Prep

A Global MicroSchool

It is a one-of-a-kind experience: a well-rounded, real-world learning environment that allows plenty of time for family connection, social endeavors and time to develop individual interests and skills. It is an inquiry-based model that is highly adaptable to each child's individual learning style and offers families a lot of flexibility. With worldschooling, parents can feel confident, knowing they are providing a safe environment away from the negative influences that come along with a traditional school setting. It is experiential global learning that is fun and engaging – an education that students love. It offers them the opportunity to experience other cultures, learn how people live in other parts of the world, play with local kids, learn global languages and volunteer in various communities. It is a highly unique global education in which families can learn alongside each other – a truly priceless lifelong learning experience and a world-class education unlike any other.

“We are most looking forward to our children having the opportunity to learn about ancient civilizations in places such as Easter Island and the Valley of the Kings. They'll be learning about environmental conservation at elephant sanctuaries in Thailand and while gorilla tracking in Uganda. They'll walk the halls of royalty in bygone palaces in Romania and Scotland. They'll have opportunities to volunteer with reef restoration projects in Indonesia and with street children in India. These are the types of real-world experiences that make for an education unlike any other.”

- Bethany from California

Flexible Purchasing Options

Owning a Storylines residence is simple and comes in two options:

Life of Vessel - lease your residence for the entire lifetime of the vessel. Your residence may also be sold during the lease term.

24 Years - your residence may also be sold during the 24 year lease term. Ownership reverts to Storylines at the end of the lease.

Exclusive lifestyle with a limited number of residences available

Invest in one of the only floating residential developments

Transfer or sell your residence at any time

Flexibility to lease for the entire life of the vessel or for just 24 years

Lend friends and family your residence or rent it out should you choose through our Guest At Sea program

Our in-house finance program eliminates many finance related obstacles associated with traditional real estate purchases

An 'all-inclusive' offering with fixed costs allows you the priceless benefits of a lifestyle of exploration with the safety of sound financial planning

Our finance program is designed to not only benefit the financially independent, but support prospective buyers who have not yet reached retirement age - allowing everyone the flexibility of securing a Global Residence

Storylines residences are selling quickly. Don't wait until the ship has sailed or you will miss the boat

“Exploring the world from our own home? What a dream life. A big THANK YOU to the whole Storylines team.”

- Mary-Georgina Norton, Storylines Resident

Your Rental Opportunity

No residential development or community compares to the unique Storylines lifestyle.

Storylines provides flexibility to residence owners. You can come and go as you please, spontaneously deciding to spend days or months ashore. Your friends are welcome to stay while you are away. Additionally you may choose to make your residence available for rent through the Storylines Guest at Sea program.

World cruises and travel tours over three months are increasing in popularity, selling out over a year in advance and commanding the highest daily rates.

The Storylines difference:

- Continuous global itinerary
- Guests receive all onboard inclusions
- Pace of travel, averaging 3 days in the best ports
- Vibrant onboard community
- Residential ownership atmosphere

Simply notify Storylines if you would like to rent out your residence and we take care of the rest.

Invite a friend for a week, your children for a month, or make eternal memories with your grandchildren for the whole summer.

Gold Circle Membership

The Gold Circle is a select group of owners who receive financial incentives and membership privileges.

Purchase Price Discount

Receive a \$50,000 discount from your residence purchase.

Annual Fees Discount

Savings on annual fees for the first two years.

Upgrade to Longer Purchase Term

Flexibility to upgrade your residence to a longer lease term and lock-in current pricing, even after sailing. You may live aboard for up to 10 years before deciding to extend to a longer term at your original price.

Private Discussion Forum

Gold Circle members have their own private discussion group within the owners forum.

Direct Ocean Access

Enjoy swimming, sailing, jet skiing, paddle boarding, snorkeling, scuba diving, fishing and kayaking right off the deck: a rare amenity usually reserved for superyachts

Green Cruising

LNG Fuel, green technologies, converting waste to energy, banning single use plastics and minimizing environmental impact to future-proof our ship for access to sensitive areas globally

Sun Deck, Rooftop Bars & Hot Tubs

Ever-changing views of the most beautiful cities and stunning destinations day or night

Marina Landing

This yacht club style private marina features a mud room, cafe and cocktail lounge. This will certainly be a favorite spot for unwinding after a day out on the water.

Cinema and Performance Theater

From education to entertainment, enjoy your own theater onboard. Attend a lecture, watch a performance or see what's showing on the big screen

Smooth Sailing

State-of-the-art ship stabilizers set a new industry standard. Absolutely sound-proof residences for those perfect quiet moments

20 Dining & Bar Concepts

Gone are the buffet lines and mediocre food. The epitome of culinary style and substance come together from around the globe in a carefully curated assortment of intimate eateries and unique bar venues

Ample Room to Move

With only a fraction of the normal passenger capacity for a ship this size, you will always have plenty of space

Art Studio

Fully stocked with art supplies and hobby materials for endless days of inspiration and craftiness

Youth Education

The world's first traveling micro-school for ages preschool through college. The world is your classroom!

Health & Wellness

Full gym facilities with the latest equipment, lap pool, wellness spa, beauty salon, yoga & fitness classes

Pandemic-Proofed

Our health and hygiene protocols go beyond most hospitals, making our community safer than traditional cruise ships and cities. Technologically advanced sanitation equipment and procedures include a combination of oxygen clusters, ultraviolet, and hydroxyls which oxidize and destroy organic pollutants in water and air. Photocatalytic oxidation (PCO) and photo electrochemical oxidation (PECO) equipment for air and surface cleaning are integrated into high tech HVAC systems, robotic ultraviolet cleaners, and in-room hydroxyl "clean air" units. These are combined with surface cleaning technologies to reduce the use of chemicals which contribute to poor air quality. With all of these innovative advances and a low person-to-space ratio, you'll have the peace of mind that all of your loved ones are protected.

Medical Clinic

Our onboard clinic has a primary care physician, nurse, pharmacist, nutritionist and physiotherapist. Some services that are offered include wellness checkups, weight loss, anti-aging consultations, aesthetic treatments, immune therapies and detoxification

Living Gardens

Providing healthful ocean-to-table produce for our onboard farmer's market and restaurants, this hydroponic garden space is the first of its kind at sea. Green thumb? Join the fun!

Resident Lounges

With private kitchen entertainment facilities and balconies, our resident lounges are perfectly suited to have a dinner party with a group of friends, play a card game or sit outside and enjoy the breeze

World Class Library

Discover the greatest authors, ideas and stories in this handsomely appointed, comprehensive library where you can kick your feet up with a good book, or find a quiet space for some study time

Design, Art & Plants Throughout

The very latest in European design provides stylishly decorated spaces surrounded by inspiring art and fresh green spaces

Pet Exercise Area

Walk your dog without leaving for the shore

“Twenty years from now you will be more disappointed by the things you didn't do.”
